The theme of the month is the peak energy of the South Node (8)/ Jupiter (1) transit activating the Creative Role Model channel. Throughout this transit, Pluto has remained in 14.4, the line of security, building a strong foundation and not to be overconfident but realistic. The Creative Role Model is a channel which releases the need of the Self to express itself, gate 1, and the ability to manifest this creativity into action, gate 8. When the creative spirit is properly channeled, an enduring example is established. However, there is considerable pressure on this definition from every side. Saturn continues its long transit through the Solar Plexus gates, beginning in gate 55, which is an open invitation to emotional outbursts and later in 37, the Family, where Saturn will

insist on dominating. The Sun, Mercury and Mars will all transit the 37th gate, a time to seek people out; in effect, the hunt for the 40th gate, Deliverance. And relationships will be complicated with the Sun/Earth in 63, Doubt; and 64, Confusion, to start the month, with Mars to reinforce the doubts from the March 22-29. If that isn't enough, this month has a powerful offering from March 21-24, when the Sun in gate 25, Innocence, and Venus in gate 51, the Arousing, will activate the channel of Initiation, one of the three mystical channels. (The other two are 20/10 and 49/19.) This is an extremely powerful definition by transit. Be careful of being overly competitive with friends or others at this time. In these four days, anything is possible.

From The Book of Letters: **THE HEART CENTER**

The fact that it is called the Heart Center is not to confuse it with the traditional heart chakra which has a greater kinship to the self of the G-Center. The Heart Center embodies what we will call the will to be. This center is one of the body's four motors. It is the energy of will power driven by the ego. Here is where the ego resides. It is not an awareness. It is a force. There are four types of ego energy, which manifest through the Heart Center's four gates.

- 21. **The survival ego.** The hunter on the material plane. *Biting through.*
- 51. **Transcendence ego.** The competitor leaping into the void. *The Arousing.*
- 26. **Egoism.** The drive of memory without the instincts. *Taming Power of the Great.*
- 40. **The social ego.** The drive for acceptance in the community. *Deliverance.*
