THE PLANETARY PROGRAM

As last month, the dominating factor in May is the definition of the channel of Structuring, a design of individuality, formed by the **North Node in 43, Breakthrough**, the gate of insight, and the **South Node in 23, Splitting Apart**, the gate of assimilation.

In design dynamics, there are only three definitions as a result of an astrological opposition: 43-23 from **Scorpio to Taurus**, 20-34, **Charisma**, from **Gemini to Sagittarius**, and 40-37, **Community**, from **Virgo to Pisces**. Their special significance is that they bring a definition to the entire planet.

Until the 18th of August, the channel of expressing unique and individual insights and attempting to share them with others, defines the tone of the world. It is a time of possible chaos, for

unique awareness is often not successfully communicated with others. It is a time of a lot of talk, but not much action. Try not to take it all too seriously. Hear what you say this month, it may surprise you.

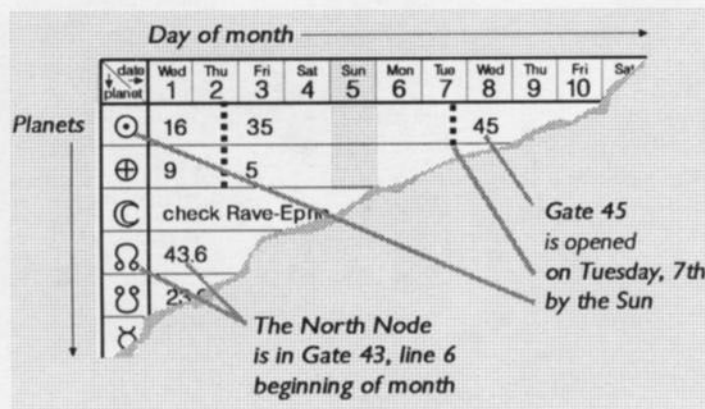

Knowing is the dominant circuit of the month: besides the Nodes in 43-23, **Neptune** and **Uranus** continue their activation of the 61st gate, **Inner Truth**, the gate of mystery and the pressure to solve the mysteries, and **Pluto** continues its long transit (until 1996) of the 14th gate, **Possession in Great Measure**, the gate of empowerment. The strongest expression of this circuit will come between the 9th and the 14th of the month when the **Sun** is in 23 and the **Earth** in 43.

THE NEWSLETTER CALENDAR

The calendar in every newsletter shows the current month, its days being listed in the top horizontal line. In the vertical column to the very left are the symbols for the planets. If you now follow the horizontal line to the right of a planet, you'll see which gates it transits during the month, e.g. in the illustration below, the Sun is in gate 16 at the beginning of the month, changes to gate 35 on Thursday the 2nd, to 45 on Tuesday the 7th, etc.

The positions are calculated for
 20:00 EDT Eastern
 19:00 CDT Central
 18:00 MDT Mountain
 17:00 PDT Pacific
 14:00 HST Hawaii
 while Daylight Saving Time effective

The newsletter calendar is intended to give an overview of the gates the planets transit during the month. While slow Jupiter, Saturn, Uranus, Neptune, Pluto and the Nodes are listed with gates and lines, only the gates are noted for fast Sun, Mercury, Venus, Earth and Mars. For greater detail here, please consult the illustrated Rave Ephemeris 1994.

The Moon passes through all 64 gates during its cycle of approximately 29 days (two to three gates per day). It is therefore a very quick teacher of the flavors of all the gates. The 1994 Pocket Calendar is very handy to keep track.

THE PLANETS

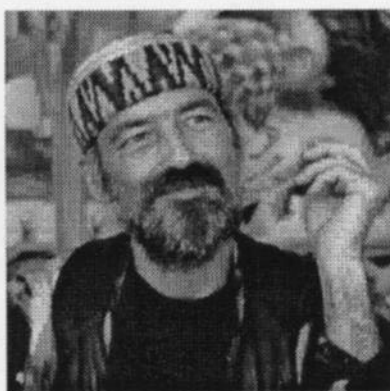

The planets each represent a different kind of energy. It is important to have a basic understanding of their effect. They flavour the gates they open.

- ☉ SUN vitality, power, will, ego, 70% of the energy
- ⊕ EARTH fertility, evolution, root, grounding
- ☾ MOON feelings, instinct, change, body
- ♊ NORTH NODE line of geometry, where we are going
- ♋ SOUTH NODE line of geometry, where we come from
- ☿ MERCURY mind, awareness, communication
- ♀ VENUS art, aesthetics, values, relationships
- ♂ MARS energy, desire, assertion, aggression
- ♃ JUPITER expansion, opportunity, material
- ♄ SATURN limitation, restraint, discipline, focus, pain
- ♅ URANUS transition, revolution, electricity, invention
- ♆ NEPTUNE imagination, confusion
- ♇ PLUTO regeneration, compulsion, the unconscious

The Planetary Program (continued)

On May 17th Jupiter will retrograde into the 28th gate, **Preponderance of the Great**, the gate of the game player. With Jupiter in this position, risks are something to be very wary of. This is the channel of Struggle, another component of the Knowing circuit. All those who have the harmonic 38th gate, Opposition, the gate of the fighter, in their design will enter a time of struggle until August 16, 1994. It is a time to be prudent. It is also through Saturn in 37, **Family**, a time to make new friends.

However, this is all part of the individuating process. Beware of extremism. Following Jupiter's transit into the 28th gate, both Mercury and Venus will activate gate 15, **Modesty**, the gate of extremes.
