## Ra tours the US

### September 14 – October 29

California, Nevada, Arizona, Colorado, New Mexico

Ra Uru Hu is visiting the US again, for the first time since the introduction of the system and the foundation of New Sun Services America last year. This time the tour is spreading well beyond New Mexico, to places where a growing number of friends looks forward to meeting the original teacher of the Human Design System and have the opportunity to participate in his courses or get an individual reading.

The tour starts in San Francisco on September 14 with a lecture. Along the road, in seven cities, Ra will give free introductory lectures, personal analysis readings and basic trainings. With a combined eight day basic/advanced training, the tour ends in Taos, October 29.

For details on the tour schedule look on page 4.

### Lectures

The free introductory lectures are a good opportunity to get a first glimpse of that unusual man who claims to have had a revelation of far-reaching consequences for humans and their perception of themselves and the world around them. Ra explains how the system came to be, how it works, and what it means for somebody to know their design.

The lectures are also a good source for further information on courses and to view the Human Design products and publications. You can even leaf through a first draft copy of the new book by Ra, *The Book of Letters*, a richly illustrated guide to Human Design analysis. It will be available by the end of year. Last but not least, Ra's lectures are entertaining. Bring along your friends!

### Personal analysis

An individual analysis reading is both an initiation and an education. It is a private course with your Rave chart – to find yourself described in the language of the Human Design System – profound, very familiar, yet in a radically new light where patterns of your life, your relationships, your career, begin to take on a liberating meaning: no guilt, no blame, no pride and no praise, either. You are unique. You have no choice. Love yourself.

Ra has done readings for more than three thousand people. This is likely to be an experience you won't ever forget.

Human Design is also an excellent tool for understanding relationships. It makes a difference to see how your design is influenced by your partner and how your partner's design is influenced by you.

A reading is taped and includes the chart.

### Basic Training

The Basic training aims to give you the fundamental tools to work and play with your own chart on a regular basis, to recognize the constantly changing influences of planets and other people in your daily life. Basic overview skills help you to understand family and friends.

This is a short and intensive course on two evenings, offered at five tour locations. The course materials, including quick references, worksheets, audio tapes and sample charts, will keep you busy long after the course.

# The Planetary Program September–October

Significant parts of the Knowing circuit are activated all year. Individuality continues to be the main theme of planetary influence.

On August 18 the Nodes of the Moon moved into gates 2 and 1, the Receptive and the Creative, the pure Yin and the pure Yang. This is the core of the Knowing circuit, where the Self learns its direction and where it needs to express itself.

Slow and distant Pluto is in gate 14, Possession in Great Measure since October 93. With the South Node now in gate 2, the channel of the Beat, a design of being a keeper of keys, is defined and the sacral energy of gate 14 can flow to the Self. Pluto is in direct motion at this time in line 2, "Management, the wisdom that investing in expertise brings rewards." On October 8 Pluto moves into line 3 "Service, the utilization of talent and wealth for the highest good."

Have a look at the body graph of the Knowing circuit. That core going through the center of the body graph is the defined Keeper of Keys, the central tantric channel, fueling sacral energy to the self. Everybody on Earth has that particularly defined Self these days, lasting until December 31. This is a

## The Wheel

The wheel shows the movements of the planets from September 14 – October 29, the time of the US tour. The Body graph is September 14.

Find Mercury in Libra. The arrow shows its direct motion from gate 48 in Libra through gate 28 in Scorpio, then its retrograde motion back to gate 32. Looking at the calendar you'll see that Mercury is direct (D) throughout September, turning retrograde (R) on October 9.

By the length of the arrows you can tell how slow or fast the

planets move. Mercury activates six gates in the time Pluto moves from one line to the next in the same gate.

It takes the Sun a year to go around the wheel, less than six days for each gate. The graphic shows the Sun passing gate 46, the time of autumn equinox. The Earth is always exactly opposite.

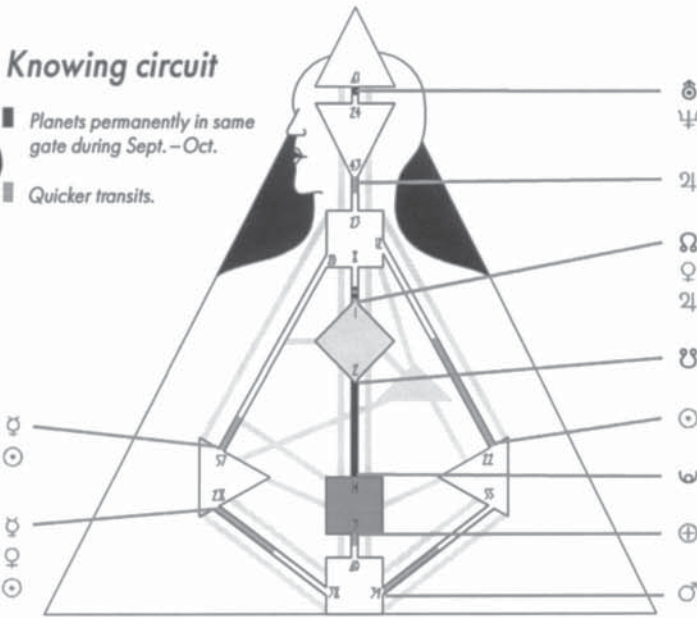

The Moon goes around the wheel once every 29 days, opening all the gates for about eleven hours. Its movements are not included in this graphics. Detailed information about the Moon can be found in the illustrated Rave ephemeris.

## Knowing circuit

- Planets permanently in same gate during Sept.–Oct.
- ▨ Quicker transits.

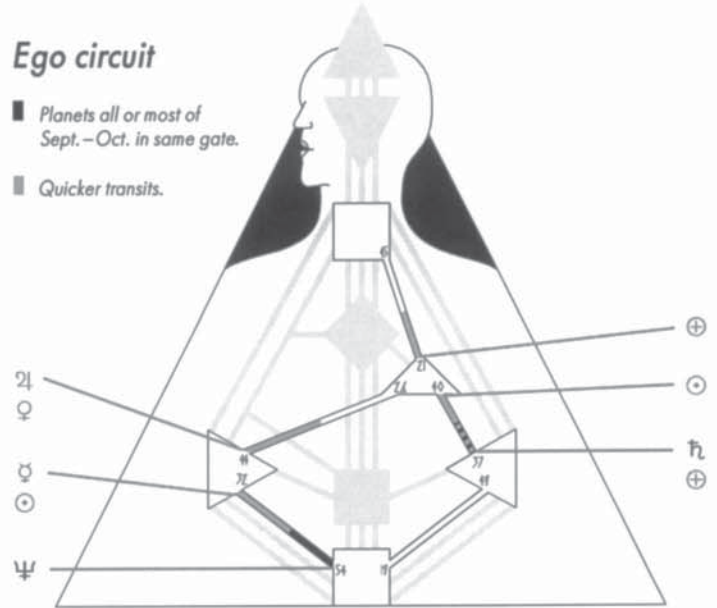

Neptune has been with Uranus in gate 61, Inner Truth, since January. It retrogrades back into gate 54 on September 7, turns direct and leaves again for gate 61 on October 25. With this excursion into the gate of ambition in the Ego circuit, Neptune provides the Root energy for channel 54–32, Transformation, a design of being driven. The channel is defined by Mercury in gate 32, Duration, once in September and then again end of October. The Sun spends its last week in Libra in gate 32. This is the development of the right material instincts.

Saturn is in 37, the Family, gate of friendship, for both months. Earth is in gate 21 for a week, and gate 44 is opened part of the time by Venus and Jupiter – all Ego circuit gates. New material directions are a distinct possibility. ■

## Ego circuit

- Planets all or most of Sept.–Oct. in same gate.
- ▨ Quicker transits.

Compare your own chart with the planetary program. Do the planets form bridges in your design for some time? Do they connect with potentials you have and give you a new definition, activate another center? Observe what is going on. This is a strong, concentrated time for everyone! ■

major planetary event, indicating a change of direction both globally and in individual lives.

Gate 1 is the natural direction for the Keeper of Keys energy, looking to manifest through its harmonic gate 8 in the Throat. Not only is the North Node in gate 1 until the end of the year, but on September 21, at autumn equinox, Jupiter joins for a month, then Venus almost until the end of October. With everyone on the planet having this strong possibility for creative self expression, there's demand for people with gate 8, and those with the 8 can manifest and be creative role models. The planets don't provide the 8 at all during this time, except for the moon on September 24 and October 21.

There are many shorter transits affecting the Knowing circuit, as you can see in the illustration.

The secondary theme this season is on the material plane, with significant transits in the Ego circuit.

## Advanced Training

The advanced training is to develop basic overview skills into a keynote understanding of the gates and how they interact within the Rave circuits. The drawing of charts and overview technique for composite and transit charts are further subjects. This course will prepare you to confidently explore and learn on your own and, after some experience with your friends, for in-depth readings of other people's charts.

If you want to be a certified Human Design analyst, you can take a test at the end of the course. We hope that there will be many new and able Human Design analysts out there in America. The Human Design System is young and full of potential.

The only advanced training of this tour is in Taos, New Mexico. Taos is a gorgeous place, especially in fall, the right setting for this six-day adventure into self-discovery. The

Participants of the first Advanced training last year in Taos.

course is immediately preceded by a basic training for those who want to complete both trainings in one intense eight-day shot. We have made arrangements with the Sagebrush Inn to host participants for a reasonable price. The training is in the same location. Please call New Sun Services for details.
