February 1995

Volume 2, Number 1

The Planetary Program: February is full of changes!

The whole month, channels are being defined by short transits, often more than one at a time. Some slow planets change gates and thereby the flavor of long-term collective influences.

Our slowest planet, Pluto, left the Scorpio gate 14 in January, transiting to Sagittarius gate 34, line 1. Pluto remains in this position going retrograde on March 3 and then retrogrades back into Scorpio April 15 for all of us to have another taste of gate 14, Possession in Great Measure, the gate of power skills. In summer, it finally goes direct again and late autumn finds Pluto back in gate 34, where it will remain for a few years.

Gate 34, The Power of the Great, is pure power coming out of the Sacral center. Collectively we have had a long time of power skills with Pluto's transit in gate 14, also in the Sacral center. Using the power available through definitions to gates 57, 10 and 20 will be influencing us all. Pluto, planet of regeneration, renewal and the unconscious, fixes line 1 in gate 34, called the Bully "The comeuppance that is the inevitable destiny of the bully," so when those around you and you yourself use power to bully others, expect rebuke and use it for your own growth.

Another slow planet, Uranus, impacts us with the change out of gate 61 into gate 60, Limitation, gate of acceptance. This is a Root center gate and part of the energy format of the Knowing circuit; the channel of Mutation and pulse energy. With Uranus, planet of transition, revolution and invention in this gate, the collective pressure for change is very powerful and can be frustrating and depressing. People with the harmonic gate 3 allow the energy to be released. Right at the beginning of February, Uranus goes into line 2, Decisiveness. Accept the limitations and be ready to take advantage of opportunities when they arise.

Saturn transits out of gate 37, the Family, into 63, After Completion, gate of doubts and suspicions on February 3 and remains there all month. On February 8, Earth and Mars both enter its harmonic gate 4, Youthful Folly, forming the channel of Logic, mental ease mixed with doubt. Both the Earth and Mars fix lines in gate 4 and transit all of the lines until February 22.

The mental definition of Awareness, 61-24, activated by Neptune and the South Node since the beginning of the year, will remain until the Nodes of the Moon change gates on February 26. These two mental definitions will be looking

Training Program 1995

Basic Trainings will be offered in many western states and others can be added when there is sufficient interest. The basic training gives one all the necessary tools to understand one's own design, work with the ephemeris and become familiar and comfortable with the language of Human Design.

Introduction lectures are an integral part of learning Human Design. There are offered for free throughout the year in many locations. Call if you would like to have one in your area. Also available on tape for \$7 plus shipping.

Ra will return to the US the last week of September for one Advanced training (location yet to be determined), then spend the first two weeks of October in Taos to give the second Advanced training, followed by the Professional workshop. His 1995 tour takes him to South America afterwards for six weeks, returning to Ibiza at the end of the year for the second annual Teachers training workshop.

Advanced training \$695 prepaid by September 15, \$745 late registration. Includes course material. Prerequisites: Basic training, a reading, the Human Design System Box Set.

Professional workshop \$695 prepaid by September 30, \$745 late registration. Prerequisite: Attendance at an advanced training. ■

Teachers Training in Ibiza

The Mediterranean island of Ibiza was the location for the first Human Design School teachers training course last month. Over twenty Human Design Analysts from Austria, Switzerland, Germany, Spain and the United States attended the six-day training given by Ra. Three analysts from the US - Zeno and Chaitanyo from Taos and Connie Schweifler from Phoenix - all passed the certification examination and are now licensed to give Introductory lectures and Basic Trainings.

Meeting other analysts who attended the workshop and are working in various areas of expertise provided another dimension into the depth of Human Design. Notable presentations were made by Martin Grassinger on Human Design and Homeopathy and by Dr. Elfriede Brümmer-Chalaf on genetic coding and the synthesis wheel of Human Design. Ra also shared some of the very advanced work he is doing on genetics and chemistry of the six lines of the hexagrams.

The Human Design System is so new, yet it expands so rapidly. With the new teachers now offering the Basic Trainings, Ra plans to teach only more advanced trainings. ■

New Analysts

There are three new Human Design Analysts in the US, following successful completion of the certificate examination. Beverlee and Ivan Cannon both from Las Vegas and Steve Swainson of Santa Fe, join in the growing network of analysts trained to do individual and composite analysis readings.

Human Design Analysis readings are unique. An analyst takes the client through their own design, reading a chart, rather than interpreting. Clients are shown where they are vulnerable to conditioning by others and the planetary influences, and where they are strong and influencing others. They are encouraged to discover for themselves in their daily lives the underlying logical mechanism that affects everybody. A reading is the first step in a process of self-discovery. ■

for expression to the Throat.

Passing the midpoint of winter in gate 13, the Sun is making its way from Aquarius into Pisces, opening the gates of the Solar Plexus and causing definitions with Mercury and Earth. Look at the ephemeris and read in the Rave l'Ching. This is an excellent month for observation and watching the waves. ■
