The Human Design System in America

Last month, 22 people from around the country were here in Taos to attend the fourth Advanced training in America with Ra Uru Hu. It was a great experience for everyone, especially since it was the last Advanced training given by Ra. His work has now shifted to teaching more specific advanced classes and he has delegated the Advanced trainings in the US to Zeno.

Following the Advanced training, Ra gave a weekend course on relationship analysis. Open to anyone trained in the basics, this class drew a record attendance of 26 students and was a good taste of what's to come in Ra's future trainings.

Each year following the fall trainings, we at New Sun Services America begin the task of scheduling the release of new products and organize the trainings for the upcoming year. The steady growth of Human Design in North America is very noticeable and we plan to release many new learning materials – books and tapes – in 1997. Ra will teach the new courses and be here twice next year. More to come. Wait and See.

New! The Sales Department

The first step to free Zeno and Chaitanyo for the upcoming

tasks is to add the New Sun Services Sales department with a new phone and fax number for all your orders and inquiries. Liz Winslow Fruits of the very first US training in December 1993 will be assisting you with chart and book orders, and coordinating trainings in your area. The new number for all orders and information is 505 758-4398.

New! The Correspondence Basic Training

Have you wanted to take a Basic Training and haven't been able to set aside the time or there hasn't been one available in your area? Introducing the Correspondence Basic Training! This class qualifies as the prerequisite for the Advanced (Analyst Certificate) training and most of Ra's future classes. Using tapes, study materials and answer sheets, the Correspondence course takes you through the mechanics of Human Design in 10 lessons. Call now to register.

Organizing Trainings – Invitation to All

12. The Power of the Great

The theme of the integration channels with gates 34, 57, 10 and 20 is individuation. By examining them, we can discover what it means to be a unique human being. Gate 34, *The Power of the Great*, out of the Sacral center (vitality), delivers the power and energy for individuation. In connection with gate 10, *Treading*, it is a design of following one's convictions, to have an individual point of view and the power to stand by it.

The original roots for this are rage and aggression and they reach far back: already in early childhood we learn to either suppress or express this power. Only by expressing it are we in contact with the roots of our vitality and can learn to deal with it in a sensible and healthy (57) way. In educating our children we must provide them with a secure environment in which they can experience themselves as alive and powerful even in their rage and aggression (a German term for curse, *Kraft Ausdruck*, literally means expression of power. The translator.). In the process they learn to see themselves (20) and to perceive the healthy aspects of it (57). Children who aren't allowed to express this power never learn to deal with it properly. Instead, they learn to be dishonest with themselves and others, to suppress the energy and become sneaky. The result is cowardice, or at least hidden aggression, hidden authoritarianism, violence. The world's full of it.

Pluto, in gate 34 since a year, helps to face up to this power. The transit is crucial to everybody (children and adults) who don't have the 34 in their design. It is a unique chance to get to the root of their vitality, especially when they have learned as children to express it only indirectly. Pluto brings the truth to daylight and the power from Hades, the underworld. Rage and aggression can turn into courage and directness.

Aggression (from Latin *aggredere*, moving ahead) is often confused with destruction. Healthy aggression is vital to express, otherwise this energy turns as depression against one's own vitality and life can then unfold only through detours, if at all. Depressed people cannot be aggressive or furious. In therapy, rage and aggression, often directed at the therapist, are therefore the first signs of healing. Only in line 5, hexa-

1997 Training Schedule

In addition to Basic trainings and the Correspondence Basic, Zeno will offer two Advanced trainings in Taos in April and September to accommodate the growing number of people who want to become Human Design analysts.

Get out your calendar and mark the dates! Ra will be in Taos to give the Rave Chart Reading Seminar on the weekend of May 17 and 18. Open to anyone who's taken a Basic training (including the Correspondence course). Come to Taos right before the high season kicks in, and have a great time discovering the magic of Human Design courses in Taos, New Mexico. Also in May, Ra will give the first Teacher's training in the US. Licensed analysts may attend this class with Ra to be certified to teach the Basic training, give Introduction lectures and the Evening workshop. Call or write for the info sheet on this.

In fall, the Human Design School will offer a variety of advanced courses with Ra over the period of three weeks. Look for more details in our next mailing.

gram 34 is intentionally destructive, and has to be: from there the immune system (57) derives its destructive power, serving the body's health by destruction.

In gate 34 reside might, power, violence. But only their application each moment (20) determines whether they are helpful or destructive, healthy or unhealthy (57). In any case it's the base energy for one's composure, the stance toward ourselves, our way of life (10), our individual, healthy (57) being each moment (20) of life. Life wants to happen, wants to be with great power.

People with gate 34 in their design have always been fixed in a given posture, depending on the specific line. Pluto now brings everything to the surface, whether light or shadow. It does it with might and power, if necessary violently. No
