4 July 1999

Volume 6, Number 2

## School Brief

The school is changing with the addition of new **Basic training** teachers and the advent of the revised training materials. This class gives a strong foundation for anyone who is interested in understanding the mechanics and in making the experiment to use Human Design in daily life.

The four Basic training teachers are getting good feedback about bringing classes closer to students. If you've yet to take the Basic training, several are being

Georgia Black, Jackson WY

offered this summer in time for students to prepare for the last analyst training of the year. A correspondence version is available if you

Chiara Gasparro, Sedona AZ

prefer to stay at home or can't get to the other locations.

The **Advanced training** is still only available by cor-

Suzanne Schiller, Los Angeles CA

respondence. It is designed to assist students with a guided study program that completes the framework of analysis, and gives the student practice in applying this language.

Chetan, Maui HI

The next **Analyst training** is scheduled for September 24-27 in Taos. The four-day workshop is interactive, so that students apply the principles and gain facility with the formula of giving a reading. This class completes the analyst training program for those who wish to use Human Design professionally.

Initially, the schedule was intended to allow the new trainees to stay longer in Taos and take a class with Ra. He asked to change the location of the Fall **Professional classes** to Sedona, though. So if you are going to attend the Analyst training and then go on with Ra's classes, you can drive there from Taos in a day or carpool with other students.

There are a total of three classes with Ra, beginning with The Design of Sexuality, from September 29-October 4. This six-day class is a definitive, comprehensive look at sexuality in the Rave. This is a professional level class, meaning that you should complete the Advanced training and be fluent in the language of Human Design circuitry.

Following, Ra gives a class on Rave Return readings to people who've completed the Analyst education. For licensed analysts, this class qualifies you to offer this type of reading to your clients. The Relationship Readings class is also for those who've completed the Analyst education. Ra requested that no one give relationship readings without attending this class. It is where potentially the most damage can occur in having an incomplete understanding.

The classes will be held at the Hampton Inn in Sedona through October 10. Reservations for your accommodations in Sedona should be made well in advance. Sedona housing is more expensive than in Taos, however, there is no tax on the class. Preregistration to attend any of these classes is required. You can receive a 5% discount for full prepayment at least three weeks before the class start.

### Errata: The Rave I'Ching

Recently discovered a proofreading mistake in the new Rave I'Ching: In gate 62, line 3, it shows Mercury fixing the line, while in fact, it is Venus fixing the line. A little whiteout on those horns of Mercury ought to do it.

### Accommodations in Taos

Book your accommodations early for the best rates.  
Call Cheryl at 800 258 8436, or e mail [delnorte@laplaza.org](mailto:delnorte@laplaza.org)  
The Ramada Inn at 800 659 8267 offers corporate rates for HD students.

### Footnotes

- <sup>1</sup> prerequisite Basic training
- <sup>2</sup> prerequisite Advanced education
- <sup>3</sup> prerequisite Analyst education
- <sup>4</sup> Some audit fees apply. Call.
- <sup>5</sup> Licensed analysts fulfilling certain requirements. Call.  
No recording permitted.  
Add 6.3% NM tax to Taos trainings.

### Discount

5% discount for full payment received three weeks before course start (except Basic trainings).

## Analyst training

An **exam** is given to test the student's knowledge of the Body Graph, their grasp of Basic and Advanced knowledge. By passing, the student is eligible to become **licensed** as a **Human Design analyst** and to offer Human Design analysis professionally.

This training is hands-on, with practice sessions, chart drawing and overview analysis, the information needed to **give an overview reading** of an individual Rave chart.

The Basic and Advanced trainings are prerequisites for the Analyst training. Participants are expected to be familiar with the language of Human Design, to have had an individual analysis reading, own the Rave I'Ching, a current ephemeris and from The Book of Letters. The four days in Taos are scheduled whenever enough participants are ready to come, next time September 24 27.

## Licensing program

An increasing number of people discover Human Design analysis as beautiful and satisfying work. By licensing its commercial use, we ensure both the analysts and the public of a **standard** in **presentation, price** and **professionalism**.

Analysts are licensed by New Sun Services America. It sets standards and maintains quality, gives business start-up support, distributes products, offers analysts purchase discounts and commissions.

Licensing requirements are the passing of the examination during the Analyst training, and the subsequent submission of a taped practice reading, which will be evaluated by Human Design teachers. The license entails duties and privileges and must be renewed every year. Details are available on request.
