In today's update:

-- Global Cycles class now available on CD  
-- 2001 Pocket Ephemeris on sale

-- Global Cycles class now available on CD

Did you think the Age of Aquarius started in the sixties?  
In this 1997 class, Ra explains about Ages and Epochs and Rounds, the larger program informing the Solar system rather than the individual. As usual, his report on what he says he heard from the "Voice" and his interpretations of those messages are highly informative, entertaining and thought provoking. The class is now available on six chock-full audio CDs, with a total of more than seven hours. (PS: The Age of Aquarius starts in 2439.)
