-- New Sun Services America for sale

New Sun Services America was created in 1993 to introduce the Human Design System and Ra's work to America. This business owns the recordings it made of Ra's classes in America from 1993 to 2001, and has publication rights for three books. It pays royalties on all sales of these products. At present, it includes masters and stock for 30 titles on audiocassette, 73 titles on CDs, and approximately 120 hours of unreleased materials.

Parties interested in purchasing this business please contact <mailto:zc@humandesigntsystem.com>.

-- Introducing zc design

Human Design is an integral thread in the fabric of our lives. We enjoy the contribution we can make toward useful applications of Design. Yet as we've matured in our learning, our interests and what pulls us, the work has shifted away from a pure representation of Ra's work. As we let someone else take over NSSA, we go forward with our new company, zc design. zc design brings back a few threads from earlier times and includes new tools and services as well. We'll continue with our trainings, workshops and consultations in Human Design, and add other things design, like environmental design, living design, graphic design, web design, etc., that we look forward to offering you, still with the high standards you've come to know.

-- The Tones class now available on CD

Underneath the world of individual Human Design and the Body Graph are layers of imprint that assign each human to a few general categories of purpose and destiny. A line is divided

into six colors, a color is divided into six tones and a tone is divided into five bases. To actually calculate to this degree of specificity, you need to have a very accurate birth time, recorded to the second.

This class on the Tones is part of the "Global Incarnation Index."

The edition on seven CDs is another installment of the unedited and un-indexed "Rough Cut" series.

\$84 (plus \$8.40 shipping**)

-- What happened to the Bases?

In the sequence in which Ra gave the Global Incarnation Index classes, next on the release schedule would have been the Bases instead of the Tones. Unfortunately, it turned out that one tape of the recordings was so badly mangled as to be unusable. This means that a quarter of the class is missing (the morning of the second day). If you have an interest in this class anyway, despite the missing part, please send an email to <mailto:nssa@humandesigntsystem.com>.
