In today's update:

- The Bases class now available on CD
- Global Incarnation Index audio now completely released

-- The Bases class now available on CD

In Update 8.15 we reported that a part of the Bases class recordings was distorted so badly as to make publication questionable. Thanks to Tom Pfeiffer, who generously provided a copy of the recording he made of this class, we are now able to offer the complete class on CDs, without any missing parts.

The edition on six CDs is another installment of the unedited and un-indexed "Rough Cut" series.
